

# **EURAFRICA TRAIL 2026**

## **REGULATIONS — ENGLISH VERSION**

### **ARTICLE 1. The Organisation**

Eurafrica Trail is a sporting event organised by Jaleoo Entertainment Solutions S.L.

It has the technical assistance of the Andalusian Mountaineering Federation and the collaboration of the municipalities of Algeciras, the Commonwealth of Municipalities of Campo de Gibraltar and Cortes de la Frontera (Spain), the Government of Gibraltar (UK), and local, provincial and regional administrations in Morocco based in M'Diq and Tetouan.

### **ARTICLE 2. Participation Requirements**

#### **2.1 General**

As a general rule, all Eurafrika Trail participants must:

- Be of legal age, know and accept the conditions of these regulations, and correctly complete all registration steps.

#### **2.2 Medical Certificate**

All participants in the Intercontinental modality must submit an official medical certificate issued no more than one year before the start of the event, certifying that the athlete is fit to undertake intensive sporting activity in competition.

This certificate must include:

- Name, registration number and signature of the licensed doctor responsible for the medical examination.
- Date of the medical examination.
- An express statement that the athlete is physically fit to meet the demands required to complete their Eurafrika Trail modality.

This certificate must be uploaded to the registration platform between the time of registration and the date of the event.

#### **2.3 Disclaimer of Liability**

All participants registered for Eurafrika Trail understand that they take part voluntarily and at their own risk. Consequently, they release, waive, exempt and agree not to bring any claim against the organising entity, collaborators, sponsors or other participants in respect of any liability arising towards runners and their heirs.

Under no circumstances shall the organisation be liable for accidents arising from a latent illness or condition, recklessness, negligence, failure to observe the rules and regulations, or those occurring while travelling to or from the venue where the event takes place.

By registering, runners accept the wording of the liability waiver document.

#### **2.4 Travel Documentation and Visas**

Eurafrika Trail is an intercontinental event taking place in Spanish, British and Moroccan territory; therefore, all participants must be aware of the legal requirements for entering and travelling through these countries.

Obtaining, managing and processing visas or the corresponding travel documents (passport) shall be the responsibility of the participant.

### **ARTICLE 3. Modalities**

Eurafrika Trail 2026 consists of two participation modalities: Intercontinental and local stages.

- INTERCONTINENTAL.
- LOCAL REGISTRATIONS:
  - M'Diq – Fnideq

## **ARTICLE 5. Withdrawal and Refunds**

### **5.1 Withdrawal and Refunds**

The Eurafrika Trail organisation establishes the following refund periods for the race bib fee when a participant is ultimately unable to take part in the event:

- 1st period: 50% refund of the registration fee until 15 April 2026.
- 2nd period: 25% refund of the registration fee until 15 June 2026.
- 3rd period: full loss of the registration fee from 15 July 2026.

It also offers a solution in the event that you are registered but are unable to participate in the 2026 event:

- Keep the race bib of the modality in which you are registered for the 2026 edition (option valid until 1 September 2026).

To formalise a withdrawal, send an email to [hola@eurafrikatrail.com](mailto:hola@eurafrikatrail.com) with the subject "WITHDRAWAL".

\*Participants registered in Intercontinental modalities who choose the instalment payment method are excluded from this refund system.

### **5.2 Waiting List**

The waiting list will remain open from the time registrations in the corresponding modalities sell out until 1 September 2026.

Once a place becomes available, the organisation will contact the selected runner, who must complete the registration within seven days.

### **5.3 Cancellation Insurance**

- A Cancellation Insurance policy will be made available to runners, under which 100% of the registration fee will be refunded to runners who have contracted this service and submitted documentation proving the seriousness and/or force majeure reason for their withdrawal.
- The refund will be available until 30 September 2026.
- After this date, no registration fee will be refunded.

Insurance price:

- Intercontinental — €80.
- Intercontinental Basic — €55.
- Africa Travel + Stage Pack — €40.
- Local stages — €7.

Cancellation insurance may only be purchased when registering. Once registration has been completed, it will not be possible to purchase cancellation insurance.

## **ARTICLE 6. The Race**

### **6.1 General**

- The route will be fully marked, either using markings placed by the organisation or by using the markings of approved trails, paying particular attention to urban sections, crossings, areas of risk for runners and other locations where participants may get lost. Whenever necessary and insofar as possible, the organisation will physically position a person at such locations. The route has been authorised by the park's environmental managers, who have approved it.
- Participants must follow the marked route and may not leave it at any time. If an evacuation route is required, participants must follow the organisation's instructions in accordance with its safety plan.
- In areas particularly sensitive to the impact of runners (wetlands, erosion-risk areas, sensitive elements such as endangered flora), as well as in spectator concentration areas, the organisation will replace signs or markers with volunteer staff who will point out and indicate the location of these elements.
- A profile and the mandatory checkpoints for each route will be sent to all runners as part of the "Runner's

Guide”.

- The GPS track for each route will be provided by email (and included in the Runner’s Guide a few weeks before the event).
- The use of the timing chip and race bib supplied by the organisation is mandatory throughout the race. The bib must be worn visibly on the front of the runner’s body. It may not be folded or cut. Tampering with or transferring the race bib may result in a penalty or immediate disqualification.
- In the event of withdrawal, it is mandatory to hand in the race bib at intermediate points (checkpoints or refreshment stations).

## **6.2 Refreshment Stations**

- The five stages of Eurafrica Trail 2026 take place under semi-self-sufficiency conditions (meaning that the number of refreshment stations requires runners to carry their own food and drink for the sections between these stations).
- Containers will be placed at refreshment checkpoints where participants may dispose of waste at the control point. Refreshment stations are the only authorised locations for disposing of waste during the race. Disposing of waste elsewhere will result in a penalty.
- There will be solid and liquid refreshments during the race, which will be detailed in the description of the race modalities on the event website and in the “Runner’s Guide”, which will be sent to each participant before the event.
- Each participant must carry whatever food they consider necessary.
- No plastic cups or similar containers will be provided at refreshment stations; these must be carried by the runner.
- There will be a refreshment service at the finish for all runners.
- Receiving external assistance or refreshments from any person (competitor or otherwise) during the event is strictly prohibited. External assistance will only be permitted in the areas designated for this purpose at refreshment stations.

## **6.3 Checkpoints**

- Runner checkpoints will be placed at the organisation’s discretion, according to safety, strategy and access requirements. Secret checkpoints may also be established at the organisation’s discretion.
- Time limits will be established to guarantee the safety of both participants and members of the event organisation.
- Runners who exceed these time barriers will not be allowed to continue in the competition.
- Those wishing to continue will have their race bib removed and may continue outside the race and at their own responsibility. The bib may be collected at the finish once the event is over.
- Safety cut-off times will be indicated on the website and in the race profile.
- Runners who are cut off, do not participate or withdraw from any stage of the INTERCONTINENTAL modalities will start the following stage with a time equal to that of the last classified runner in the previous stage plus one hour, in the overall classification.
- Failure to register a chip passage at any of the checkpoints may result in a penalty or disqualification.

## **6.4 Event Safety**

- The organisation will position specialised personnel at certain points along the route and at checkpoints to ensure participant safety. Following the instructions of this personnel, who will be properly identified, is mandatory.
- In the event of withdrawal, it must be reported to the organisation’s staff as soon as possible.
- Medical personnel and ambulances will be available at strategic points along the route to intervene if necessary.
- If weather conditions so require, an alternative route will be available and will be duly communicated at the technical briefing prior to the start.
- In the event of adverse weather conditions or for safety reasons, the organisation reserves the right to stop the event, modify the route or change the time limits.
- A sweep team, responsible for closing the race, will check the passage of all participants.

## **6.5 Safety Rules**

- It is mandatory to follow the instructions of checkpoints and the organisation’s security personnel.
- It is mandatory to assist a participant who requests help.
- The organisation may remove a runner from the competition and take away their race bib when it considers that their physical or technical abilities have been impaired due to fatigue and the exertion experienced during the event, thereby ensuring their safety.
- The organisation reserves the right to organise groups to progress together during the race for safety reasons.

## **6.6 Responsibilities**

- Participants compete at their own responsibility. The decision to start and undertake the race is theirs.
- All participants in the Intercontinental modalities must undergo an official medical examination issued no more than one calendar year before the start of the event.
- As organisers and runners, it is our duty to protect the environment in which the event takes place so that our impact on it is as limited as possible. Therefore, all participants must know and accept the #Eurafrica26

environmental regulations, whose purpose is to minimise environmental impacts during the event and participants' previous training.

- Runners must mark gel, energy bar and other food wrappers with their race bib number. This provision will be monitored by the technical team before and during the event. The organisation has implemented a participant identification and tracking system that allows it to monitor waste generation, carrying out exhaustive checks of the race-bib-numbered gels and bars carried by participants.

### **6.6.1 Penalties**

A runner or pair will be penalised or disqualified if they breach any of the provisions indicated below (the refereeing team shall have the authority to issue warnings, if deemed appropriate, before applying a penalty):

- Failure to respect the marked route or route signage in order to take a shortcut. This shall be subject to a penalty of 15 minutes up to disqualification.
- Receiving assistance or refreshments (except aid in an emergency) from any person, whether a competitor or not, outside the areas designated for this purpose (refreshment stations). This shall be subject to a penalty of 15 minutes up to disqualification.
- Refusing to wear the race bib, cutting it or transferring it to another person. This shall be subject to a penalty of 15 minutes up to disqualification.
- Changing or modifying the markings on equipment placed by the organisation. This shall be subject to a penalty of 15 minutes up to disqualification.
- Discarding waste along the route outside the areas designated for this purpose. This shall be subject to a penalty of 15 minutes up to disqualification.
- Preventing another runner from overtaking or obstructing another runner. This shall be subject to a penalty of 15 minutes up to disqualification.
- Failing to carry the equipment required by the organisation at each checkpoint. This shall be subject to a penalty of 15 minutes up to disqualification.
- Failing to follow the instructions of the organisation, referees, commissioners or collaborators (Guardia Civil, Civil Protection, etc.). This shall be subject to a penalty of 15 minutes up to disqualification.
- Failing to pass through any chip or checkpoint control. This shall be subject to a penalty of 15 minutes up to disqualification.
- Failing to carry or wear any item of equipment required by the organisation. This shall be subject to a penalty of 15 minutes up to disqualification.
- Failing to mark gels or different food supplements with the race bib number. The organisation incorporates environmental monitoring into the judging criteria, including sanctions in these cases. This shall be subject to a penalty of 15 minutes up to disqualification.

## **ARTICLE 7. Classification, Trophies and Prizes**

### **7.1 Classification**

The classification will be based on two criteria:

- For local modalities, the finishing position in the event will be taken into account.
- For Intercontinental modalities, the sum of the times obtained in the different stages in which the participant takes part will be taken into account.

INTERCONTINENTAL runners who are cut off, withdraw or do not participate in any stage will start the following stage with a time equal to that of the last classified runner plus one hour in the classification of the previous stage, as a penalty.

Runners who do not complete all the stages of the Intercontinental modality will not be eligible for the podiums of their modality/category, as they will not have completed the event in full.

### **7.2 Trophies and Prizes**

- Trophies will be awarded to the first 3 male and female runners in the overall classification of each stage, according to the order in which they cross the finish line.
- A trophy will be awarded to the first 3 male and female finishers in each subcategory at each stage, according to the order in which they cross the finish line.
- At each stage, both INTERCONTINENTAL runners and runners participating only in the corresponding local modality will compete for the overall and category classification of that stage, in a single classification, with no distinction in the awards between Intercontinental and local runners.
- A special leader's race bib will be awarded at the end of each stage to the first male and female runner in the overall classification of the two Intercontinental modalities. Race leaders are required to wear this special race bib in the following stage.

\*There will be no subcategories in the Jbel Abyad, M'Diq and Visit Gibraltar Vertical Race stages.

#### **7.2.1 Finishers**

To be a FINISHER, all Intercontinental runners must have participated in and completed all stages of the Intercontinental modality.

Runners who do not obtain Finisher status in #Eurafrica26 will not be entitled to receive either a medal or Finisher garment.

## **ARTICLE 8. Categories**

For all participation modalities, except #VisitGibraltar Vertical Race and the Moroccan stages, participants, both male and female, will be divided into the following categories and subcategories.

- Overall Category: from 21 years of age completed in the reference year.

### **8.1 Subcategories**

- U23: 21 to 23 years of age, i.e. those who do not turn 24 during the reference year.
- Senior: 24 to 39 years of age, i.e. those who do not turn 40 during the reference year.
- Veterans A: 40 to 49 years of age, i.e. those who do not turn 50 during the reference year.
- Veterans B: 50 to 59 years of age, i.e. those who do not turn 60 during the reference year.
- Veterans C: 60 years of age or older during the competition year.

#### **8.1.1 Exceptions**

To ensure competitiveness, a minimum of 5 participants is required for a category to be held.

Participants whose subcategory is cancelled because the minimum number of participants required to maintain competitiveness has not been reached will move to the immediately lower subcategory in the case of Veterans A, B and C, and to the immediately higher subcategory in the case of U23.

\*Prizes are not cumulative.

For the #VisitGibraltar Vertical Race and the M'Diq-Fnideq and Jbel Abyad stages, the categories are:

- Overall Male.
- Overall Female.

## **ARTICLE 9. Mandatory Equipment**

### **9.1 M'Diq - Fnideq, Jbel Abyad, Cádiz and Málaga**

- Waterproof breathable jacket.
- Trousers or tights, at least below the knees.
- Emergency/thermal blanket, minimum size 1.20 x 1.20 m.
- Container(s) for water reserve (minimum 0.50 l).
- Mobile phone with charged battery and the organisation's telephone numbers.
- Reusable cup.
- Whistle.
- Headlamp with spare batteries (Málaga stage).
- Red rear light (Málaga stage).

### **9.2 Visit Gibraltar Vertical Race**

There will be no mandatory equipment for the Visit Gibraltar Vertical Race stage.

Recommended equipment will apply. The recommended equipment is as follows:

- Windbreaker jacket with hood and long sleeves.
- Water reserve container (minimum 50 cl).
- Mobile phone with charged battery and the organisation's telephone numbers.
- Thermal blanket.
- Reusable cup.
- Whistle.

The mandatory equipment may be required by FAM referees or the race technical management at race-bib control and at any point along the route, and all runners will be required to submit to such checks, subject to penalty or disqualification from the race.

The mandatory equipment may be modified by the race technical management depending on the weather conditions of each stage, before that stage starts. These changes will be communicated by email and through the event's other communication channels to all participants.

### **9.3 Recommended Equipment**

- Gloves.
- GPS with the race track or compass.
- Cap, visor or bandana.
- Race-bib belt.
- Waterproof breathable jacket (membrane).
- Gels.

## **ARTICLE 10. Race Management**

The race management, in response to force majeure circumstances beyond its control and not attributable to the organisation, may suspend, shorten, modify, neutralise or stop the race.

The event will establish alternative routes if it becomes necessary to take any of these measures, as a preliminary step to a possible suspension of the event.

Race Directors may remove a runner from the competition when they consider that their physical or technical abilities have been impaired due to fatigue, that they do not have the mandatory equipment, or that their condition is not suitable for continuing in the race. Their decision is final.

## **ARTICLE 11. Image Rights, Advertising and Data Protection**

Acceptance of these regulations entails authorisation for the event organiser and/or its sponsors to record all or part of my participation in the event by means of photography, television, film or any other medium, and to use such material for advertising purposes as they deem appropriate, without the undersigned having any right to financial compensation.

### **11.1 Data Protection**

By registering for any of the Eurafrica Trail 2026 modalities, participants consent to the organisation processing their personal data automatically and solely for sporting, promotional or commercial purposes.

In accordance with Organic Law 3/2018 of 5 December on the Protection of Personal Data and the Guarantee of Digital Rights, participants have the right to access these files for the purpose of rectifying or cancelling their content, in whole or in part. To do so, a written request must be sent to: [hola@euraficatrail.com](mailto:hola@euraficatrail.com).

Likewise, registered participants expressly grant the organisation the right to reproduce their first name and surname, result obtained and participant status, category, sporting performance and image.

## **ARTICLE 12. Suspension of the Event**

Jaleoo S.L. reserves the right to suspend the event due to force majeure, under alert from the competent authorities and/or adverse weather phenomena. In such case, registration fees will not be refunded and participants' expenses will not be covered.

The organisation has undertaken not to hold the event if the forest fire risk levels forecast on the official website of the Spanish State Meteorological Agency (AEMET) on the day before the event are classified as "extreme", always subject to consultation with the environmental authority.

## **ARTICLE 13. Acceptance**

Formalising registration for any of the participation modalities of Eurafrica Trail, including the Companion Plan, implies acceptance of the provisions contained in these regulations.

## **ARTICLE 14. Amendments**

These regulations may be corrected, modified or improved at any time by the organisation and such changes will be notified on the event website and social media.

Regulations edited on Monday, 7 September 2026
